

Family Resource & Youth Services Coalition of Kentucky (FRYSCKy)

About Us

The Family Resource and Youth Services Coalition of Kentucky (FRYSCKy) is a non-profit organization of professionals (including educators and human services providers) who come together to provide legislative advocacy, training and support for Kentucky's Family Resource and Youth Services Centers' Coordinators and support staff.

Our Goal

The goal of the Coalition is to promote a network that strives to remove barriers to success in school through learning from each other, sharing resources and collaborating more effectively on behalf of children, youth and families.

Mission Statement

FRYSCKy promotes a **network**, including *educators*, *family support practitioners* and other *human service providers*, who strive to remove educational barriers to learning, in order to learn from each other, share resources and collaborate more effectively on behalf of families, children. and youth.

How is FRYSCKy Different from DFRYSC?

- DFRYSC is a state government agency that manages the business of the FRYSC's state allocations and reports on the services that are in alignment with FRYSC's Components.
- FRYSCKy is a non-profit organization with representation from each Region across the state that advocates for support and recognition of the FRYSC program with Legislators. FRYSCKy highlights and promotes the value of the services being provided by each Center.
